PETERSBURG TOBACCO MARKET. Reported by Craddock & Jones, Virginia

(Reported by Craddock & Jones, Virginia Warchouse)
Petersburg, Va., April 12, 1307.
Light sales again the past week, but with the favorable weather now for handling we look for good sales next week. Market very active on all grades.
The quotations are as follows:

DANVILLE TOBACCO MARKET,
(Reported by Dibrell Bros. (Inc.)
Danville, Va., April 13, 1907.
The story of the market for the past week is practically the same as it has been for some time past, and promises to be for some weeks to come; that is, light breaks of common tobacco, with firm prices. The weather has been quite cool, which prevented the marketing of as much stock as there would have been under more favorable circumstances. We hear some complaint of scarcity of plants, but we do not think it at all serious. Trade in redried stocks is quiet, but some transactions of considerable proportions seem to be in prospect.
